TILLMAN'S DISGRACE.

A RESOLUTION DEMANDING AN IN VESTIGATION OF TILLMAN'S SLAN. DER ON M'LAURIN.

Both of the Senators from Social Carolin are Suspended from the Senate-The Committee on Privileges and Elections Considering the Question of Expulsion Together with the Resolution Demanding an Investigation of Tillman's Libel.

[Special to The Greenville News. Washington, D. C., Feb. 24.-At the conclusion of the morning business in the Senate today Senator Pritchard of North Carolina arose and read a letter addressed to him by Senator McLaurin requesting that an investigation be held into the charges made by his colleague in relation to his action in voting for the Spanish treaty.

Washington February 24th, 1902. The following is the letter:

United States Senator, Washington. My Dear Senator: I was prevented as you know, from offering the resolution which I wrote at my desk on Saturday demanding an investigation of the charges made by my colleague by being adjudged in contempt of the Senate. I am now debarred the privilege and request you to introduce the resolution, for the reason that if the charges are true, the Senate and if they are untrue the man who made them is unfit to remain a member of this honorable body. In any event I feel that I am entitled to a vindication by the same body that makes the investigation in the proceedings for contempt. I herewith inclose the resolution, I am yours very truly,

When the motion was Expensive Buildings on the Charleston put by the presiding officer there were no votes in the negative. When this resolution had been disposed of McLaurin left the Senate chamber and later on Tillman also retired.

During the afternoon a long debate arose on the question whether the South Carolina senators should be allowed to vote on the pending Philippine bill. Bailey of Texas, contended that the State was still entitled to such representation. By a vote of the Senate, however, neither were allowed to vote.

Washington Feb. 24.--The Till man-McLaurin flight of Saturday promises interesting developments when the matter is taken up in the Senate committee of privileges and elections. Both are under suspension and will not be allowed to vote or take part in the Senate's reception to Prince Henry. Senator Hanna will exert himself to secure the expulsion of Tillman.

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acrid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corrolling particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream

of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains. S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism

enators Hoar and Tillman Are Agreed the Philippine Question.

[Chicago Chronicle.] At no time in the history of the United States has there been a more striking exemplification of the adage that politics makes strange bedfellows than is to be seen in the present agreement as to the Philippine question between Senators Hoar of Massachusetts, and Tillman of South Carolina.

The cleverest judge of human nature would find it difficult to suggest anything else upon which these gentlemen could agree, but as to the scuttle policy in the Orient they are in harmony. Arm in arm these representatives of New England Puritanism and Southern chivalry · would walk out of the Philippines and glory in the performance as an act promoting liberty, the rights of man and the dignity of the republic.

Both of these irreconcilables have undertaken to justify their attitude relative to the Philippines by references to past episodes in American history. Mr. Tillman can find noth ing with which to compare the tyranny and scoundrelism of the Philip. pines except the comparatively recent invasion and subjugation of the Emphatically. slave States by the North. Mr. Hoar finds his terrible example in the war against Mexico by the United States.

While Messrs. Hoar and Tillman could not possibly reach an agree ment on either of these propositions, ter than Vinol. they are in more perfect accord than is the case with any other members of the Senate who are opposing the policy of the administration. The others are divided by every descrip-American flag and sound the retreat at Manilla exactly as Mr. Hoar would have done at Monterey or Chepulte

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glendeane, Ky., Feb. 10, 1901. I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fleshier than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day.

If Mr. Tillman had a sense of humor he would supplement Mr. Hoar's appeal to the treason of Corwin by citing some of the utterances of that other distinguished Ohio recalcitrant, Clement L. Vallandigham, who, during the civil war, held the same at titude toward the federal government that Corwin maintained toward it at the time of the war with Mexico. Mr. Hoar can not possibly indorse the disloyalty of Corwin more enthusiastically than Mr. Tillman can sub-

The mistake which all of these men have made lies in the fact that they have carried their opposition to a policy to a point where it has amounted to hostility to the government. They have set their judgment against that of the great mass of their fellow citizens and they have per-

Vinol is a Wonderful Tonic and Strengthener.

The Reason Why We Endorse It So

We have had considerable experience n being able to watch the effects proluced by various tonics. We can emphatically state that we know of nothing that will act as a general rebuilder, strength restorer and flesh creator, bet-

When we feel as sure as we do of the good that can be accomplished by this scientific remedy, it would seem strange did we not endorse it and recommend it as highly as we are continually doing. It is painful for us to see any of our

friends or fellow townspeople, weak and debilitated and unable to enjoy life and Senator Tillman feels keenly the tion of sentiment and opinion, but in a condition where they are apt to succumb to some serious illness, when we feel as sure as we do, that if they would but take Vinol, they would find it to be a strength builder and a health maintainer.

We know that Vinol contains in a highly concentrated form, those important medicinal elements that have always made cod liver oil famous. We know also that Vinol does not contain grease and is delicious to take and we know best of all of hundreds of people who have been cured and made strong by it. Here is one of many.

Mrs. G. W. HENRY, 205 First Ave., Joliet, Illinois, says: "I take the greatest of pleasure in recommending such a fine toning and strengthening medicine as Vinol. I felt run down and was always tired. I had no appetite and did not seem to digest the food I ate properly. I have been taking Vinol for about two weeks and feel strong and well. I now thoroughly enjoy my meals and my domestic and social duties, which used to fatigue me, are now a source of pleasure. I am now

a sincere friend of Vinol." When we talk of Vinol, we know whereof we speak and will refund your money if you are not satisfied after giving it a fair trial, that what we tell you about it is absolutely true.
